

THIRD AUTOPSY WORKSHOP

- The role of autopsy in learning pathology cannot be underestimated.
- Department of Pathology of KEM Hospital, Mumbai is one of the few centres where clinical autopsies are done on a large scale (approx.800/year).
- The workshop aims to add to the knowledge of autopsy and to expose the post graduate students where this facility is not available.
- We invite you to the third autopsy workshop that will cover autopsy dissection techniques, specimen demonstration and clinico-pathological discussions of interesting cases.
