

First Announcement

**1st ANNUAL CONFERENCE
OF
NEUROPATHOLOGY SOCIETY OF INDIA
NPSICON - 2015**

Supported by International Society of Neuropathology

December 19th & 20th, 2015 @ Hyderabad

Neuropathology Society of India is pleased to announce the First Annual Conference (NPSICON 2015) to be held on 19th and 20th December 2015 in Trauma Block Auditorium, Nizam's Institute of Medical Sciences, Punjagutta, Hyderabad-500082, Telangana, India.

The conference is being organized in collaboration with the International Society of Neuropathology and a team of distinguished international faculty shall be participating in the scientific programme of the conference.

Conference Rationale:

Neuropathology is growing as an important subspecialty of Pathology. The spectrum of Neuropathology is wide and deals with various diagnostic and research areas of neurooncology, neurodegeneration, epilepsy, neuroinflammation, neuroimmunology, myopathology and nerve pathology. This conference will provide a platform for the faculty and residents of Pathology to meet and discuss the various aspects of Neuropathology with outstanding International and National leaders in the subject. In order to meet the interests of all participating groups including residents and researchers, the program will be further complemented by poster presentations. We welcome everybody to participate and look forward to an exciting meeting!
