PRESIDENT'S MESSAGE

Dear Members,

Namaskar,

This is the third Newsletter of this year. I am happy to note that almost from the beginning of the year many institutions from all over the country are conducting CMEs and workshops, for the benefit of Postgraduate students and Pathologists alike, be it a Practicing Pathologist or Teaching Pathologist.

Now again the season for Regional State Conferences is going to start and you must be gearing for that. However do not forget about the National Conference (APCON 2002), which is at Kolkata from 13th to 15th December 2002 with preconference CMEs and Workshops from 10th to 12th December 2002. The APCON 2002 program is in this News Bulletin. The Conference brochure contains all the details. It is also available on website (www.iapm.net). Please remember all the deadline dates. Register yourself at the earliest and send your paper abstract within the deadline to avoid last minute disappointment. Dr. Subir Dutta, Organising Secretary and the Organising Committee of APCON 2002 are doing their best. So register for the Conference in large numbers and attend the Conference.

I congratulate Dr. D.N. Lanjewar, Secretary of ICP for arranging to conduct the 2nd examination of MRCPATH at Mumbai in September 2002.

With regards,

Dr. Prakash V. Patil

FROM SECRETARY'S OFFICE

Dear Friends,

I am sure most of you must be preparing to attend APCON 2002 with a great zeal and enthusiasm. The tentative programme of the Conference is being printed in this News Bulletin. The guidelines for submission of abstracts for APCON 2002 have also been given. Please go through these guidelines and submit three copies of the abstracts to the Organizing Secretary, Prof. S. K. Dutta, Department of Pathology, University College of Medicine, 244BC AJC Bose Road, Kolkata-700020 before 31-8-2002. The announcement for various IAPM awards was made in the last News Bulletin of IAPM. I would appreciate if the senior members and scientists of the association encourage their colleagues to contest for such awards every year.

I have observed that many previous newsletters have been undelivered and returned to me due to change in the address of members. I therefore appeal to all the members to intimate immediately either to the Secretary or the Treasurer of IAPM regarding change of their address so that the mailing list is updated from time to time.

I look forward to meeting you all in Kolkata.

With warm regards,

Dr. B.D. Radotra
