## Message from the President

Dear IAPM Members,  
Namaste & Jai Jagannath,

I feel proud and honored to assume the charge of prestigious post of President of Indian Association of Pathologist and Microbiologists. I extend my gratitude and regards to all the past-Presidents, Office bearers and senior members to give suggestions for positive improvement and overall functioning of our Association.

Our association, the oldest organization in the country, founded in the year 1949 and we have completed 75 years in this year. Dr. Vasant Ramji (VR) Khanolkar, the Father of Indian Pathology and medical research in India, our first President from 1950-1952, was acknowledged by Government of India with a Padma Bhushan. We are honored to celebrate 13th April, which is the birth day of Dr. Khanolkar as the National Pathology Day.

Pathology is expanding enormously. We are on the threshold of new era of research as regards to the accurate diagnosis of disease specific targeted therapy. Recently online organization of conferences and teaching programs are continuing along with hybrid pattern as it has a better option rather than only physical or digital. Our association is also conducting regular webinars covering basic topics along with slid seminars.

I request all of you to attend the forth coming 72nd annual conference, APCON 2024 going to be held in Cuttack, Odisha, in large numbers and motivate the post graduates and budding pathologists to actively take part in scientific activities, slide seminars and paper/ poster presentation to upgrade their knowledge and diagnostic skills.

I take this opportunity to request all the members to update their address, e-mail id and phone numbers on the IAPM website so that timely communications of various activities and decisions can be sent to the members.

We have recently come back from APCON 2023, held in the All India Institute of Medical Sciences, New Delhi. I extend my heartfelt thanks to the Organizing Chairman Dr. VK Iyer, Organizing Secretary Dr. Prasenjit Das and his team for successful organization of APCON 2023.

I am thankful to my team of Office bearers of IAPM for their contribution to march ahead.

I hope 2024 will be a year full of happiness, health and success.

Once again hope to see you all at APCON-2024.

JAI IAPM

(Dr. Kanak lata Dei)

## Message from the Secretary

Dear Members,

Wishes from the IAPM Secretariat

I extend my warm greetings to all the IAPM members for attending APCON 2023 at AIIMS, New Delhi in large numbers. Such large gatherings strengthens the Association.

This quarter of the news bulletin represents the rising activities of the State Chapters. Other State chapter representatives are urged to be more proactive and carry out further academic activities attracting more number of CMEs and IAPM memberships from their respective states. The process of applying for membership is much simplified now with no delay in processing of the documents.

This year the academic committee comprised of Dr. Sidhartha Datta Gupta, Dr. Deepak K Mishra, Dr. Pradeep Vaideeswar, Dr. Vatsala Misra with President 2024 Dr. Kanaklata Dei, Secretary IAPM Dr. Ranjan Agrawal, and Organising Secretary APCON 2024 Dr. Asaranti Kar. Proposals for different CME/Symposia/Breakfast sessions submitted by Life members were discussed and after extensive discussions and consensus the topics and Moderators were finally selected. Attractive and non-repetitive topics were chosen. Also those who could not be moderators this and time have a good academic standing can avail a chance to participate in multiple CMEs by approaching the selected moderators, whose contact details have been uploaded on the IAPM and APCON 2024 websites and also is being circulated via this news bulletin. The scientific programme of APCON 2024 has been finalised majorly. The Organising Committee is all geared up for the mega event and I am sure that they would put up a grand show. The IAPM secretariat is continuously in touch with the organisers so that large numbers of delegates attend this academic fest.

I sincerely acknowledge the efforts put forth by my seniors, colleagues and members in collecting information and updating the members' details in the website. But still much needs to be done and the IAPM office bearers are persuing the matter. All those members whose emails and mobile numbers have not been updated in the website are requested to send their details via email to [secretary1iapm@gmail.com](mailto:secretary1iapm@gmail.com) at the earliest. Even Chapter representatives can take this responsibility. Members can also do the corrections themselves via the orange box available in the website.

It is requested to all the members to visit the IAPM website for regular updates and announcements. I request all the readers to send me their suggestions, feedback for further improvisation.

I wish all a year full of fun, academics, success and good health. Stay safe and take care.

Jai IAPM.

Long Live IAPM !

Jai Hind!

**Dr. Ranjan Agrawal**

Hony. Secretary IAPM
